# **Susan Bonilla** *is fighting for the Delta and our priorities in Sacramento*

Susan Bonilla is an experienced leader we can count on to protect the environment, our water, and our air. As a County Supervisor, Susan partnered with federal and regional leaders to oppose construction of the twin tunnels. In the State Assembly, she helped pass historic water legislation that will help restore the Delta and protect our local water supply.

In the State Senate, Susan will be a strong advocate protecting our region by:

- **Leading efforts to restore and protect the Delta**
- **Stopping construction of the twin tunnels and protecting our water**
- **Holding polluters accountable to clean up their mess**
- **Promoting the use of renewable energy to create new jobs in our region**
